DR. HODGES' ACTION SAVED WHOLE TOWN

Telephoned in Alarm of Fire in
Lakeland at Midnight.

WHOLE TOWN WAS IN DANGER

Fire Had Originated in Rear of Big Store at Midnight, and Gainesville Man Telephoned Alarm to Central Quarters, Which Saved Big Loss.

Dr. J. Harrison Hodges has returned from Lakeland, where he went on professional business a few days ago, having been called in consultation in an important surgical operation which was to be performed there.

Dr. Hodges had the opportunity to make himself a hero in the eyes of the Lakeland people while in that town. According to one who was present at the time, it is related that Dr. Hodges, after assisting in the operation for which he was called, was going to his hotel about midnight. On looking around he noticed one of the largest and handsomest business blocks in the town on fire, and flames already leaping high into the air.

Under the exciting moment Dr. Hodges realized that a serious situation confronted the town. He knew nothing in regard to the location of the fire boxes, if there were any, and in the event there was not an automatic system, he could not have located the general alarm; but with deliberation he remembered that there was a telephone in the hotel office, and immediately sought the phone, sending the alarm into the station.

The department, which is a volunteer hand arrangement, was soon on the scene and succeeded in extinguishing the flames, only after two or three houses had been destroyed. The whole town was endangered for a while, and had it not been for the timely appearance of Dr. Hodges when the fire originated Lakeland may have been in ashes today.

Early Morning Marriage.

An early morning marriage was performed at the Manse by Rev. Thos. P. Hay Monday, the contracting parties being James Malcom Gardiner of Chatham, Ont., Can., and Mrs. Mary Sweetzer of Appleton, Wis.

Mr. Gardiner, the groom, is well known here. He came to Gainesville the first time about two years ago and was so well pleased with this section that he purchased a comfortable home in North Gainesville, where he spends his winters.

Mrs. Gardiner, the bride, is also well known and popular here. She has many friends in Gainesville, having spent two years here with Mr. and Mrs. L. L. Sandborn.

Mr. and Mrs. Gardiner left on the 8 o'clock train over the Seaboard Air Line for their summer home in Ontario. The best wishes of their numerous friends go with them, but these friends wish them an early return.

Teachers Delightfully Entertained.

Friday evening, at her delightful home, Mrs. R. A. Becker charmingly entertained the teachers of the City Graded and High School and a few friends. A contest in correct spelling gave the teachers a chance to display their superior knowledge along that line. Four of the teachers tied for honors, but Miss Florence Ballis drew the lucky number, and received a beautiful volume of Burns' complete poems. The consolation prize, a box of delicious Scotch chocolates, fell to the lot of Miss Ellen Wallace.

Dainty refreshments of cream, cake and coffee were served, after which Mrs. Becker most delightfully entertained her guests at the piano.

At a late hour the guests departed, assuring their hostess that they had spent one of the most enjoyable evenings of the season.

THERE IS NO SECRET

About Our Cod Liver Preparation
—Vinol.

So many patent medicines and advertised cures are now offered to the public that we want to call the special attention of the people of Gainesville to the fact that Vinol is not in any sense a secret or patent medicine.

For centuries medical men the world over have recognized the great tonic and curative elements contained in the cod's liver, but how to extract these medicinal elements from the useless and repulsive oil which enveloped them has been the problem hitherto unsolved.

This was finally accomplished by two eminent French chemists, and the result is Vinol, a delicious modern cod liver preparation without oil, made by a scientific, extractive and concentrating process from fresh cods' livers, thus combining with peptonate of iron all the medicinal, healing, body-building elements of cod liver oil, but no oil.

As a body-builder and strength-creator for old people, delicate children, weak, run-down persons, after sickness, and for chronic coughs, colds, bronchitis, and all throat and lung troubles Vinol is unexcelled. Try it on our offer to return money if it fails to give satisfaction.—W. M. Johnson, Druggist, Gainesville, Fla.

FIRE AT EVINSTON.

A telephone message from Evinston last night at a late hour, sent in by C. J. Grace, stated that a serious fire occurred in that town just before 10 o'clock, when the barn and buggy-house of W. P. Welch, together with nearly a hundred bushels of corn and some hay, were a total loss. There was a partial insurance. Loss about \$300.

Don't Complain.

If your chest pains and you are unable to sleep because of a cough, buy a bottle of Ballard's Horehound Syrup and you won't have any cough. Get a bottle now and that cough will not last long. Sold by W. M. Johnson.

Broke Down on Gallows.

Georgetown, S. C., March 30.—Jack Blake, a negro about thirty years of age, was hanged here Friday for the murder of Jim Green, a constable, also a negro, about two years ago. Green was attempting to arrest Blake when killed. Blake maintained an appearance of stolid indifference until he was marched from his cell to the scaffold, when he broke down and began to cry. Seventeen minutes after the trap was sprung life was pronounced extinct.

BEAL SCORES ROOSEVELT.

Representative Thinks "Big Stick" Wielding Too Much Power.

Washington, March 28.—More shafts of sarcasm and invective were aimed at President Roosevelt in the house of representatives Thursday. In one of the most scathing arraignments of a public officer ever heard in that chamber, Mr. Beall, of Texas, charged the president with having been guilty of a disgusting usurpation of power, not only toward the national legislature, but the judiciary as well. Congress had, he said, abdicated to him his power, and the judiciary of the country felt the effect of his influence. God and the future alone know, he declared, just what niche he was to occupy in the temple of his country.

Mr. Beall credited the president with having appointed three judges of the supreme court of the United States and a majority of the United States circuit and district judges.

"Drawing their source of authority from him," he declared, "and holding their commissions from him, he stands in a position to wield a powerful influence upon them, though they are the representatives of a distinct department of the government."

The president, he charged, was not content with the exercise of the same power exercised by Washington, Jefferson, Jackson, Lincoln, Grant and McKinley, but in his overreaching ambition reaches out with either hand and exercises powers not dreamed of by them.

SHERIFF STOPPED MEETING.

Because of inflammatory article in a Negro Paper at Montgomery.

Montgomery, Ala., March 28.—Because of inflammatory matter in a local negro paper, the Colored Alabamian, Sheriff Horace Hood has withdrawn permission for a meeting of negroes in the court house at which protest was to be made on the attitude of the administration at Washington on the race. This meeting had been called by Bishop Alstork and a number of others in what has been taken to be an anti-Taft movement in the state.

Sheriff Hood, addressing the editor of the paper, says:

"In view of your editorial, which is calculated to arouse racial prejudice, creating a condition that bodes no good but much harm to both races, especially to the negro, who must be the greatest sufferer in any conflict aroused by foolish and unwise leaders and agitators, I withdraw my consent for a political meeting to be held in the county court house. As custodian of the court house, the property of the taxpayers of the county, I can not give my consent for its use to men who write incendiary articles and make incendiary speeches, calculated to stir up strife and disturb that harmony and good feeling that exists now and is so desirable between the whites and blacks of this city and this county."

When Parisian Sage is Guaranteed to Stop Falling Hair or Money Back.

A luxuriant head of hair is God's birthright to every man—to every woman.

If your hair is falling out—if it is turning gray—if it is full of dandruff—if it is harsh and uncontrollable—then it is diseased, and prompt action should be taken.

Parisian Sage is the most delightful storer—it will darken gray hair—it will stop dandruff in one week by promptly killing the germs that infest the roots of the hair.

Parisian Sage is the most delightful hair dressing in the world; it is pleasant, invigorating and refreshing. It makes the hair soft, beautiful and luxurious. Wherever Parisian Sage is known it is the ladies' favorite hair dressing.

We urge all women who desire beautiful hair to try Parisian Sage.

If after using one bottle you do not say it is the most delightful hair dressing you ever used, you can have your money back. The price is only 50 cents a bottle. At W. M. Johnson's drug store, or by mail, charges prepaid from Giroux Manufacturing Co., Buffalo, N. Y.

NEWS OF CITY AND COUNTY CONDENSED

Mrs. L. M. Graham has returned to her home in Ocala, after a pleasant visit to her son, D. L. Graham, in this city.

Miss Belle Chitty of Micanopy arrived in the city yesterday, and is the guest of her sister, Mrs. J. Fletcher Hill.

Herbert Weber, formerly of this city but now making his home at McIntosh, spent yesterday in Gainesville on business.

T. J. McRae left yesterday for Monticello and other points in West Florida, where he will remain for the next few days on business.

W. Wilson, one of the efficient operators in the office of the Atlantic Coast Line railroad, returned yesterday from a brief visit to St. Petersburg.

Attorney W. W. Hampton left yesterday for a professional visit to Ocala. During his absence he will be the guest of Mr. and Mrs. Geo. C. Crom.

Mr. and Mrs. T. J. Cone have returned to their home at Raleigh, after a pleasant visit to Mrs. S. M. Witherpoon and their children, who are attending Miss Tebeau's school.

The Gainesville Furniture Company is advertising matings as a specialty this week, and it would pay intending purchasers to look over their line. Read their ad. in another column.

John F. Jackson of Bronson was in the city for a few hours yesterday. Mr. Jackson has been suffering from lagrippe for the past few weeks, and was en route to White Springs, where he hopes the baths and water will prove beneficial to him.

Capt. J. M. Graham has gone to Tacoma, where he is looking after his grove interests for the next two or three days. Mr. Graham has one of the finest groves in that section of the county, which is now loaded down with fruit. He anticipates a fine crop the coming season.

Mr. and Mrs. J. E. Murphy and two daughters, Misses Elizabeth and Bessie, and Mr. Murphy's mother, have returned to their home in Lynchburg, Va., after spending the past few weeks pleasantly here as guests of Mrs. J. C. McGrew's boarding-house. They were well pleased, and expect to come again.

Prof. Geo. M. Lynch, principal of the Jasper Normal Institute, returned to his duties yesterday, after a brief visit to relatives in this city. Captain Lynch, who was for years a member of the faculty of East Florida Seminary in this city, is making a fine school of the Jasper Normal, and is regarded as one of the most competent educators in the State. Gainesville is proud to know that he still calls this his home, and is continually "fighting" for Gainesville and her rights.

PLEASED WITH GAINESVILLE.

Prominent Citizen of Vermont Delighted With This City.

Among the prominent visitors to Gainesville Monday was Col. Herbert E. Taylor of Brattleboro, Vt., who has been in the State for the past few weeks, visiting points on the East Coast and other sections. In his itinerary Col. Taylor included a trip down the world-famous Ocklawaha river, which he declares was one of the most pleasing and romantic he has ever experienced.

Col. Taylor enjoys the distinction and honor of being postmaster of his town, and is one of the most prominent Republicans in his native State. He is an old friend and school-mate of Col. I. E. Webster of this city, and naturally the meeting was a very pleasant one.

"I am so well pleased with what I have seen of Gainesville that it makes me regret I did not arrive here earlier," remarked the visitor. "Our mutual friend, Col. Webster, has been good enough to give me considerable of his time since I arrived here, and, behind his fine horse, I have had the opportunity to visiting many sections of your beautiful city, all of which impressed me. I have never seen prettier homes or better kept lawns and premises, which alone is evidence of the refinement of your people. I hope to come again next year, and you may feel sure that I will find more time to spend in Gainesville."

MR. COOMBS IS WORSE.

Shields Warren and Wife Called on Account of His Illness.

Mr. and Mrs. Shields Warren left Monday for Apalachicola, having been called on account of the sudden change of the condition of Hon. J. N. Coombs, one of the most prominent men in West Florida, and National committeeman from Florida of the Republican party.

Mr. Warren, who is a warm personal friend of Col. Coombs, received information Thursday that he was much better, but on Saturday there was a change for the worse.

Mothers' Meeting.

The Mothers' Meeting held at the pleasant home of Mrs. J. A. McKinstry Monday afternoon was a very happy as well as most helpful meeting, and in spite of the warm rays of the sun the large parlor and hall of their pretty home were crowded, and a fine program was rendered.

The meeting was in charge of Mrs. Merchant, and reflected great credit upon her. The meeting opened with the hymn, "What a Friend We Have in Jesus," by all present.

Bible Reading—Mrs. Merchant.

A most touching mother's prayer by Mrs. Geo. I. Dolg.

Instrumental Solo—Mary McKinstry.

Reading—Mrs. Evans.

Instrumental duet, by Marguerite Hudson and Helen Harrison.

Recitation—Miss Bowers.

Reading—Mrs. Yocum.

Vocal duet—Mrs. L. L. Sandborn and Elizabeth Smith.

Reading—Mrs. Marguerite Gross.

Instrumental solo—Mrs. Yocum.

The readings were most helpful and wise. Mothers do well to heed them, for none of us are above learning that which may be of benefit to our children.

Miss Bowers' recitation, "The Minister's Coming to Tea," as told by a small boy, was simply perfect, and was vigorously endorsed, and the little lady kindly responded with another selection.

The instrumental duet was beautifully rendered; also Little Mary McKinstry's solo, which shows that she has worked. In fact, all did well, and everyone seemed pleased. After the program was finished delightful punch was served with wafers, and the happy crowd departed for their homes feeling as though this world was a lovely place to live in.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co., and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

ELECTRICITY KILLS TREES.

Citizens Make Complaint of Burning Out of Shade Trees.

There has been considerable complaint among property owners recently at the manner in which the limbs of elegant shade trees along the residence streets are being burned out and destroyed by the electric light wires which run through the branches. In some instances the limbs, having come into contact with the wires, are burned entirely out, not only raising the branch, but subjecting the surroundings to fire.

We are in no position to know whether it is the duty of the street committee to keep the limbs away from the wires or the duty of the electric company to keep the wires away from the limbs, but the fault lies somewhere, and should be remedied.

Sunday School Meeting.

The union Sunday school mass-meeting, which was held at the First Baptist church Monday night, was well attended, and those present felt deeply interested in the address of Mrs. M. F. Bryner of Chicago, Ill., field worker of the International Sunday School Association.

Mrs. Bryner had many things of interest to say regarding Sunday school work and the methods of the association in promoting it, and all her remarks, which were of a most pleasing and interesting nature, were well received.

Mrs. Bryner will leave for Ocala today, where she will deliver an address tonight.

Hon. J. B. Parkinson, member of the Legislature from Volusia county, is dead. He was a great advocate of good roads and was a valuable member of the last Legislature.

The State papers all appear to be pleased with the appointment of Hon. W. H. Milton of Jackson county as United States Senator. Governor Broward certainly acted wisely in this instance.

The Starke Telegraph contains the announcement of forty-one candidates for office in Bradford county. Old Bradford evidently has suit specially adapted to the production of candidates as well as strawberries.

A. F. Roberts of Bell is a candidate for county commissioner from district No. 2, as will be seen by his formal announcement in today's Sun. Mr. Roberts is a young man of pleasing address, and he promises faithful and impartial discharge of the duties of the office if elected.

I. B. Hilson, editor of The Index-Record, Milton, Fla., has gained notoriety as a political prophet by his correct prediction as to who Governor Broward would appoint U. S. Senator, and the Governor's reason for making the appointment. Hilson also predicts that Broward will be overwhelmingly defeated in his race for the Senate.

Some of the Florida editors are urging General Gilchrist to get married. If the General is elected Governor it is safe to wager that he will not remain a bachelor long. But whether he wins the Governorship or not, the woman who wins his heart will win a valuable prize. A son as devoted to his mother as Albert Gilchrist always makes a good husband.

Hon. Jefferson B. Browne, candidate for Governor, has an open letter in today's Sun to which the attention of our readers is called. He answers the questions propounded by Mr. Pepper in an unequivocal, manly way, and no prohibitionist can doubt his position on the temperance question. Jeff Browne is an able, honest man, and never has failed to "fight in the open" when he was called upon to take a stand on public questions.

EXECUTIVE ENCROACHMENT.

Senator Bacon has called the attention of the Senate to the evident intention of President Roosevelt to dictate legislation. He told of the reported conference at the White House of Republican leaders and railroad men to consider legislation amending the anti-trust law by permitting railroads to pool and corporations to combine, and exempting labor organizations from the operations of the Sherman anti-trust law. "As I have not seen this statement disputed," continued Mr. Bacon, "I have no doubt that the President has decided for you that you shall not adjourn this Congress until you have passed the measures he has mapped out for you."

Senator Bacon did not appear to disapprove of legislation proposed by the White House conference, but thinks that executive encroachment upon the power of the legislative branch of the Government should be limited to recommendations as provided in the constitution. As no Republican Senator defended these White House conferences, the inference is they all agreed with Senator Bacon. Senator Tillman joined in the debate by inquiring:

"Doesn't the Senator think that the conference at the White House, at which the captains of industry were invited to be present, was intended to line these captains up for the nomination of the President, or his pet candidate, in view of the approach of the Chicago convention?"

To that Senator Bacon replied, "I have no right to express an opinion."

The feeling in the House of Representatives of the Republican leaders is said to be similar about executive dictation as in the Senate, but no one yet has had the pluck to express his opinion.

REVOLT AGAINST SOCIALISM.

The Liberal Party in England made a coalition with the Socialists at the last election, but the demands of the latter for radical legislation are now beyond what many Liberals will concede. The peculiar political conditions will compel the Conservatives to vote with the Liberal government against the bill to compel the local authorities to provide employment for all persons out of work and establishes state workshops which will pay trade union wages. The Liberal government, although it allowed the introduction of the bill for party expediency, has now decided to oppose it on the ground that it would waste the resources of the nation and would throw out of work more persons than it would assist. There is a lesson in this for political parties in the United States, and Democrats should especially take heed of it by resisting all so-called reforms looking to Socialistic legislation. The Republican party is headed that way and will soon be brought up with a round turn. Tariff protection and subsidies were the opening wedge, and increase of pensions and other measures for the relief of a special class or individuals are sure to follow.

The Dunnellon Advocate is certainly infatuated with Hon. D. U. Fletcher's candidacy for the U. S. Senate. Listen to Editor Peacock's "spiel" in the last issue of his paper: "Get on the wagon; not the 'water wagon' this time, but the 'Fletcher wagon.' It will soon be coming along, so the politicians and precinct leaders and county bosses might as well get aboard. There's room, but it's filling up. The people are for Duncan U. Fletcher this year. They may be for Beard or Lamar some other year, but not this merry month of May. The people are pulling the Fletcher wagon. There's no stopping it now. Give the signal and it will slow down for you to jump aboard. Hurrah for Fletcher!"

COMMENTS ON FLORIDA CANDIDATES

With An Air of Satisfaction.

It is stated that Mr. Fletcher plunked down his 375 "plunks" with an air of satisfaction characteristic of the man who expects to receive his full money's worth.—Palatka Times-Herald.

Politics and Money.

There was never such a campaign for the more important offices as will be witnessed in Florida in the coming primary, and those seeking these offices are among the best and most distinguished citizens of the State. It takes, however, a small fortune, under the present primary system, to make a successful campaign for a State office in Florida.—DeLand Record.

Stockton is O. K.

An investigation into the affairs of the city has been going on in Jacksonville for some time. An effort was made to show that J. N. C. Stockton, candidate for Governor of Florida, as a paving contractor had done some wrong things, but that gentleman walked into the lion's den and showed that he was acting in good faith. The effort to besmirch his character was a dismal failure. In fact the insinuations made against him were proven to be mere trumped-up charges with no foundation whatever.—Fort Myers Press.

Will Support Broward.

The Independent endorses the appointment by Governor Broward of Mr. Milton, of Marianna, for United States Senator to fill out the unexpired term of the late lamented W. J. Bryan. It also endorses the candidacy of Governor Broward for the United States Senate. The Governor is a man after our heart, and with no reflection on the capabilities and qualities of his excellent opponents, Mr. Fletcher and Mr. Lamar, The Independent will support Governor Broward in his candidacy.—St. Petersburg Independent.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

MEN AND WOMEN.
Use Big 60 for essential discharges, inflammation, irritations or ulcerations of mucous membranes. Painful, and not easily got rid of. Sold by Druggists, or sent in plain wrapper, by express, prepaid, for \$1.00, or 2 bottles \$2.00. Circular sent on request.

HERBINE

The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

COMMON SENSE

Keep most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrapper and attest its correctness under oath, are daily proving in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulae, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" as time and it is not likely to disappoint you if only you give it a thorough and fair trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

ly happening on the East Coast of Florida is well illustrated in the following item from The East Coast Advocate of recent date: "Dr. T. J. Chivers of Georgetown, La., who has been prospecting around Titusville for a few weeks, has decided to locate about one mile from town. He is a physician, but says his health has broken down by too much work, and thinks this just the place to bring back his health. He has had a carload of cattle and all his household furniture shipped to Titusville, and informs us that he can bring about fifty men here to grow oranges, vegetables, etc."

The Times-Union "Short Talks" says: "It is claimed that \$100,000 worth of fishing boats, nets and other gear is laid up at Tampa alone by the new anti-stoppelnet fishing law, while many of the fishermen are in actual want. The latter have no other means of livelihood is the complaint. Of course there are other fishing ports in Florida that are suffering through the operation of this law and because it is too late in the season to substitute different gear. Whether the law is a just one and necessary to preserve the food fishes of Florida or not, it seems from the complaints made to have worked some hardships through its recent rigorous enforcement."

W. D. Holcomb, while fishing at the Cattle Gap Monday, happened to rather a peculiar and painful accident. He had hooked a monster fish and was playing him. The fish was a fighter and it was taking Mr. Holcomb's best to hold him when his rod, with a jerk, broke near the reel, causing the reel to fly back and strike him just over the right eye, cutting quite a gash. The blood spurted out several feet and continued to flow in a stream. With the means at hand it was impossible to stop the flow, and a passing naphtha picked Mr. Holcomb up and brought him to Bradenton where, from the loss of blood, he fainted. He was brought to Manatee in a buggy and the wound was properly attended to.—Manatee Record.

To save the life of his father, Clarence Greek, the thirteen-year-old son of Jesse F. Greek, one of the most efficient patrolmen on the Jacksonville police force, shot and seriously wounded Lewis Williams, a negro, whom Greek was attempting to arrest. The shooting occurred about 6 o'clock Friday night near the home of Patrolman Greek, 2003 Fisher street, Jacksonville. The negro, a burly fellow, was resisting arrest, and the patrolman, who had come from his home without his side arms other than a rifle, was beaten by his adversary. Passing the gun behind him to the boy, as a last resort, the father told him to shoot. Taking care to fire when his father was in such a position as to be out of danger, the lad pulled the trigger and the bullet struck the negro just below the stomach, puncturing the bladder. Even after this the negro fought furiously and was struck two

THE MAN AND HIS JOB

By Herbert J. Haggood.

Every day we hear of buyers taking a trip of a thousand miles or so in order more thoroughly to scan the market and buy the goods that will sell best. Occasionally we hear of employers who, regarding brains as a commodity, go on an expedition in search of them.

I know of a house in Boston that has the most thoroughgoing system for discovering and securing the proper brand of brains of which I know. Every year the two partners of the firm make a round trip of the United States in a general business way, and whenever they hear of a good man, or strike the trail of one in the mercantile jungle, they make out, on the spot, a complete record of the man, which is carded and properly filed on their return to the home office. They have kept up this method for more than a decade, and they have accumulated a record of practically every good man in their line from North to South, from East to West.

Some of the record-cards show a more accurate schedule of a man's career than he could probably furnish on demand. As soon as a man changes his position, the cause of his leaving and the nature of his new job are stated on the file which has chronological and geographical indexes subdivided alphabetically and with cross-indexes. The result of this painstaking method of locating brains is that this house enjoys a well-merited reputation of employing the finest line of expert talent in the country.

It pays a little more than its competitors, but as it engages only first-rate men it can get along with a minimum staff and heads, and its total salary list is much smaller than that of any other house, man for man and value for value.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

A. C. L. RAILWAY REDUCES RATES

Order No. 224.

Office of the Railroad Commissioners of the State of Florida—In the matter of passenger rates of the Atlantic Coast Line Railroad Company.

Whereas, at a session of the Railroad Commissioners of the State of Florida held in the city of Jacksonville on the 19th day of March, 1908, a hearing was had on the subject of the passenger rates on the lines of the Atlantic Coast Line Railroad Company in Florida, at which session the company was represented by Mr. W. J. Craig, its passenger traffic manager, who submitted on behalf of the company a proposition to put in the reduced passenger rates both flat and mileage hereinafter set forth.

And Whereas, at the said session it was agreed between the Railroad Commissioners and the Atlantic Coast Line Railroad Company that the said reduced passenger rates should be put into effect on June 1, 1908, subject to certain terms and conditions, which said reduced rates and the terms and conditions relating thereto are as follows:

(1) A flat intra-State passenger rate of two and three-quarters (2¾) cents per mile distance traveled between all points on its line, except the following branch lines: St. John's and Lake Eustis branch, between Astor, Leesburg and Lane Park; Sanford and Tavares branch, between Sanford and Tavares; Sanford and St. Petersburg branch, between Sanford and St. Petersburg; Tampa and Thonotosassa branch, between T. & T. Junction and Thonotosassa; St. Cloud Sugar Belt, between Kissimmee and Narcoossee; Florida Midland Railroad, between Kissimmee and Apopka; Homosassa branch, Gulf Junction to Homosassa; Oviedo branch, between Sanford and Lake Charm; Tiger Bay branch, between Winston and Tiger Bay; Newberry to Perry extension, and on said branch lines at flat intra-State passenger rate of three (3) cents per mile distance traveled.

For children under twelve and over five years of age one-half of the above rates; children under five years of age, free when accompanied by a passenger paying adult fare. Provided, that where the amount of the ticket at the prescribed rates will amount to any figure between the two multiples of five, the price of the ticket shall be the multiple of five which is nearest the price of the ticket at the rates above mentioned, or in the event that the amount is equidistant between the two multiples of five, the price charged for the ticket shall be on the basis of the higher of these two multiples of five; with a minimum charge of ten (10) cents; and with the right to make an extra

charge of fifteen (15) cents against any person boarding a train without a ticket at a point at which a ticket might have been purchased. And provided, further, that if after a reasonable trial, that is, a trial for not less than twelve (12) months, the same shall be found to be not reasonably remunerative, application will be made to the Railroad Commissioners of Florida to increase the said passenger rates of two and three-quarters (2¾) cents, and three (3) cents per mile, and if the said Commissioners shall fail or refuse for thirty (30) days after application by the said railroad company to give relief to which the company considers it is entitled to receive, the company shall not be deemed to have in any way waived or surrendered any of its legal rights to relief in any court of competent jurisdiction, and its right to such relief shall not be impaired nor in any way prejudiced by this agreement, nor by the fact that said rates had been put into effect and had been given a trial under this agreement; but the company in applying for relief from the said reduced rates shall not apply for a greater advance than a restoration of the present passenger rates.

(2) Mileage books within the State of Florida during the said trial period of twelve (12) months will and shall be issued by the company as follows: (a) A two-thousand-mile book for intra-State travel in Florida, interchangeable with such of the solvent roads of the State as will consent thereto, at a rate of two (2) cents per mile subject to minimum of five miles; good for heads of firms or their employees, or officers and employees of corporations; the book to carry not exceeding the names of five (5) persons in number; their names to be furnished and inserted in the book at time of purchase. But this ticket will be confined to the use of one person at one time and carries with it the privilege of free transportation of 150 pounds of baggage. (b) A one-thousand-mile book to individuals at rate of two (2) cents per mile subject to minimum of five miles, good only for travel by purchaser whose name shall be inserted in book at the time of purchase, and good only for intra-State travel in Florida and interchangeable with such of the solvent roads of the State as will consent thereto. This book carries with it the privilege of free transportation of 150 pounds of baggage. (c) A five-hundred-mile book to be issued to heads of families and to dependent members thereof for intra-State travel, good for passage over the Atlantic Coast Line railroad; the names to be furnished and inserted in the book at time of purchase. This book is to be sold at

MUNICIPAL POLITICAL ANNOUNCEMENTS

FOR MARSHAL.

I take this method of announcing my candidacy for re-election as City Marshal at the election April 14th, 1908. I have endeavored to perform my duty without fear or favor, and would appreciate the support of my fellow-citizens, promising the same attention to the duties of the office in the future as in the past. Thanking you for past support, and soliciting your votes at the coming election, I am,

Very truly,
BEN T. ARNOW.

I hereby announce myself a candidate for City Marshal in the election to be held on the 14th day of April, 1908. I promise if elected to endeavor to do the duties required by the ordinances as near as I possibly can, and I solicit the votes of all law-abiding citizens. Respectfully,

CHAS. PINKERSON

To the Voters of Gainesville—I take this method of announcing my candidacy for Marshal of the City of Gainesville. I have been on night work as an officer, protecting you and your interests while you were asleep, for about three years, and leave it to you as to whether I have performed my duty well, and with impartiality. I think I have been long enough at night work to be entitled to a day job, and if elected I promise you a faithful, impartial and efficient service. Yours for order,

C. L. KITE.

FOR CITY TAX ASSESSOR.

To the tax-payers of Gainesville: I will be a candidate for the office of City Tax Assessor in the coming city election. Realizing the vast importance of having correct descriptions and an equitable assessment of every piece of property included within the corporation, and believing that I am in position to make such assessment, I respectfully solicit your vote at the polls on the day of election, April 14, 1908.

two-year-old nephew, Geo. L. McVeigh,
son of Mr. and Mrs. D. E. McVeigh,
which occurred in Milledge, Ga., Sun-
day. Friends extend sympathy.

PHOTOGRAPHY.

Photography today is an economic
and social necessity in every commu-
nity. It maintains the memory and
affections of family life through the
picture it makes, and which we could
not now do without. How often is re-
gret expressed that no picture exists
of some friend or relative who is no
longer with us! Sometimes, indeed,
the camera has to intrude upon the
sacredness of the death chamber itself
when relatives feel that a photograph
in such circumstances is better than
none at all. Do not procrastinate.
Be wise and "secure the shadow ere
the substance fades."

You can get a picture from locket
to life-size at Smith's Studio.

J. A. Currie of Macon, Ga., rep-
resenting the McCaw Manufacturing
Company, left for points south yester-
day, after spending Sunday here.

R. W. Small, the merchant of
Hague, was in the city yesterday. Mr.
Small is just recovering from an ill-
ness which confined him to his room
for several days.

M. H. DeLand, cashier of the Bank
of Williston, spent Sunday in this city
as a guest of his mother, Mrs. C. E.
DeLand. Mr. DeLand has many
friends here who are always glad to
see him.

Raymond Witherspoon, formerly of
this city but now of High Springs,
passed through Gainesville yesterday
en route to High Springs from Pa-
latka, where he has been for the past
few days.

Mr. and Mrs. C. W. Parham and
family, who have been residing at 408
West Court street for the past two
years, have moved to 399 West Court
street, where they will be at home to
their friends.

Mr. and Mrs. C. S. Robertson and
son, Sydney, Jr., have returned from
Monticello, where they have been on
a visit to Mrs. Robertson's parents,
Mr. and Mrs. T. P. Byrd. Mrs. Robert-
son and son were absent for some
time.

John C. Rawls of Marco, Lee coun-
ty, was in the city yesterday on busi-
ness connected with the United States
land office. Mr. Rawls made a home-
stead entry of valuable land near Mi-
ami, which is said to be very prolific
to tomato culture.

Mr. and Mrs. W. E. Dow left yester-
day for High Springs, where they
will be guests of relatives and friends
for a few days. Master W. E. Dow
has been there for the past few days, as
a guest of Mr. and Mrs. E. B. Godwin,
and will return home with his par-
ents.

Prof. J. K. Lee, the efficient princi-
pal of the Forest Grove school, was
in the city yesterday on business con-
nected with the office of Superintendent
J. L. Kelley. Prof. Lee, who origi-
nally came from Georgia, is a teacher
of ability, and has made quite a suc-
cess of the Forest Grove school.

C. W. Pomroy, the clever traveling
representative of the Paris Medicine
Company, St. Louis, spent Sunday at
Windsor with his daughter, Miss Lena,
who is sojourning there as a guest
of Mr. and Mrs. J. A. Rosborough.
Miss Pomroy is making her home
at Windsor for an indefinite period,
